General quality analysis

The overall quality of the application can be estimated as **Low**. The total number of defects is **25**. Functional defects prevail, **14** of them have the Major severity and **10** defects gain the Minor severity. The majority of defects is opened for modules "[Dashboard](#)". A detailed quality analysis is presented below.

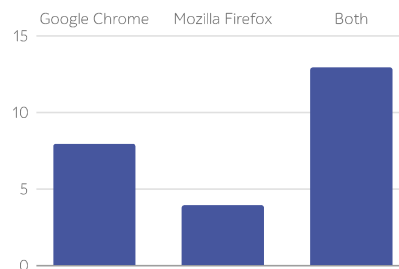

Detailed quality analysis

The total number of defects by severity

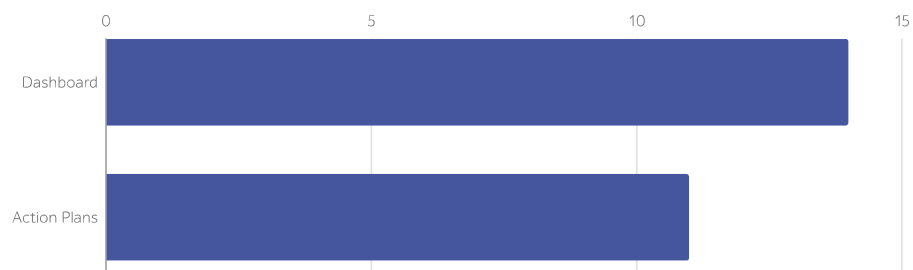

The chart shows the statistics of defects by the degree of the negative impact they have on the application. Almost **56%** of issues have **Major** severity. **Minor (40%)** defects prevail.

The total number of defects by browsers

The chart presents the ratio of defects by browsers. For both **Google Chrome and Mozilla Firefox** browsers 13 issues were found, which is more than the issues found in the browsers separately. For only **Google Chrome** browser 8 issues were found, which is almost 100% more compared to only 4 issues which were found in **Mozilla Firefox**.

The total number of defects by components

The chart represents defects quantity on separate modules. The majority of issues actual in **"Dashboard" module (14)**, and the minority of issues are in **"Action Plans" module (11)**.

Quality of separate modules

Module	Quality	Comments
Dashboard	Low	During testing, 14 defects were discovered in this section; the majority of them have priority Major. The most important issue concerns functional: "See All Documents" link is not found (QATC-754075). Another two notable defects (QATC-754302) (QATC-754303) are found in this module. For example, the system not displaying Action Plans and Schedule tabs after clicking the links.
Action Plans	Medium	The quality of this module is estimated as Medium. In this section 11 defects were found. The most important problems are the following: by not showing an expanded inlay with detailed description for the specified Action Plan Name (QATC-755440). Furthermore, by displaying erroneous data for the Action Plan Name, Due Date, and Assigned Date in Action Plans (QATC-754469) (QATC-754472).
