Quality of separate modules

Module	Quality	Comments
Home	• Medium	During testing, 9 defects were discovered in this section; the majority of them have priority Minor. The most important issue concerns functional: Preview photos with corresponding signatures do not have links added to their corresponding galleries (QATC-759909).
Work	• Medium	The quality of this module is estimated as Medium. In this section 12 defects were found. The most important problems are the following: The "Motion" section is not opening when the "Motion" submodule link is clicked (QATC-759323). Furthermore, in the Portrait Gallery, after selecting the "next" button on the 3rd page, the display returns to the 2nd page instead of the 4th page (QATC-759921).
Connect	• Low	The quality of the module is estimated as Low. Among 29 defects found here the most important issue is that he Additional subjects dropdown is showing only "7 values + none" (QATC-759159). A significant Functional defect is (QATC-759167): In the Mini Studio Session, the Total price calculation is not functioning accurately.
Sessions	• Low	24 defects were opened in this module. The most significant defect here isCustomer names and photos are not displayed as specified in the requirements for Clients(QATC-760530). Also the "First name" field is functioning as an optional field instead of an obligatory field in Contact (QATC-760182). A significant GUI defect is (QATC-759178):There is no information in the "Bio & Press" section under the Connect tab on the website.
InstaOlsen	• High	This module doesn't contain any serious defects. One issue was opened for this section. The problem is that instead of opening in a new tab when the "InstaOlsen" is clicked, the page opens in the current tab (QATC-759935).
